

Nicolas Polanco

Information Technology Undergraduate

Address Port Saint Lucie, FL 34953

Phone (772) 812-6884

E-mail ncls.polancojr@gmail.com

As an Information Technology undergraduate with a strong foundation in C, C++, Java, and Python, I'm eager to build expertise in endpoint security and Unified Endpoint Management (UEM). With growing familiarity in Security applications, I'm motivated to support secure system transitions, implement security protocols, and help maintain compliance across distributed environments. My goal-driven mindset and passion for cybersecurity position me to make a meaningful impact in on-site, hybrid or remote, security-focused roles.

Work History

May 2025 - Present

Security Operations Analyst

EZETech LLC, Port St. Lucie, FL

- Implemented and managed endpoint security protocols across client environments
- Monitored threat activity using Huntress and generated incident reports
- Ensured compliance with cybersecurity best practices and regulatory standards
- Collaborated remotely with cross-functional teams to deploy and maintain UEM solutions
- Supported the transition from Kaseya to Huntress for Unified Endpoint Management (UEM)
